A group of four young adults (three women and one man) are walking along a paved waterfront promenade. They are dressed in casual, modern clothing. In the background, there are modern multi-story buildings with large glass windows. One building has 'MSH' and 'KLU' visible on its facade. The scene is set during the day with soft lighting, suggesting late afternoon or early morning. A body of water is visible to the right of the promenade.

Thank you!
